Dedication

THE CLASS of 1934 honors itself in dedicating its yearbook to PROFESSOR QUIMBY. Upon him, since his appointment to the Bates faculty, has rested the difficult task of upholding the debating standard of a college whose forensic prestige had already given her a preeminence rarely, if ever, enjoyed by any other institution. Such prestige is transitory and such preeminence ephemeral. Professor Quimby would have deserved our gratitude if he had only maintained the standard already achieved. He did that and more. By dint of patience, thoroughness, a deep understanding of student problems, and a conscious attempt to make what he taught help to solve those problems, he so well equipped successive groups of Bates debaters to think and talk for themselves that they have represented her creditably in every English speaking country on the globe.

But we would not fall into the common and vicious error of evaluating a coach's merit by the number of victories his teams have won. The national and international recognition that Professor Quimby has received is by no means a truer measure of his worth than is the personal esteem in which he is held by those with whom he has worked. The affection they feel for him is of a deep and undefinable nature, an affection such as students can feel only for those instructors who bring out the best that is in them.

Not only do we dedicate our annual to him. We dedicate ourselves, insofar as we are severally able, to the indefatigable life of deeds, the over-flowing good nature, the hatred of underhandedness, and the warm, democratic friendship that will remain our permanent memory of him, — and that makes us glad his path crossed ours.

With the warmest good wishes
of the Class of 1934

Around campus Rose is very quiet, but the dorm girls can tell of some great times at her home. Rose should be an interpreter—she's had enough practice at the French convent. She is one of the mighty town team which defeated the dorm girls in volley ball.

A column by T. W. M.—perhaps it will be called the "Lone, Long Trail"—is likely to be a daily feature in the American press. This aggressive editor of the Student has had his share of the sunny days, and as a weather prophet or a milkman, he will always be "Tommy on the Spot".

Betty's helped many a co-ed and ed thru Bates. Who would do our lessons, sew on buttons and play the piano for us? Wherever there's jazz and dancing, there's Betty. She's lightened many a dreary heart with her music and pep.

BEULAH WORTHLEY, A.B.

"We want popcorn!"—and apples, too. Whether we are clamoring for eats, or want the hockey ball back to the forward line, or need help on a difficult Latin construction, Beulah is always right there.

MARY ELIZABETH YORK, A.B.

A reputation for being conscientious, for being generous with her cakes and apples, for having a great knowledge concerning ailments, for owning a most excellent profile doesn't grace everybody's name.

EVA HELEN YOUNG, A.B.

Eve's psychological insight and keen interest in social service have a very definite meaning to her. That Eve, aside from her more serious nature, is fun-loving is demonstrated by her sure presence at every social function.

CRESCENTIA ZAHN, A.B.

A. A. High School Play Day, 3; Chairman, W. A. A. College Play Day, 4; Instructor of Swimming, Y. W. C. A., 3, 4.

Full of fun and with a wide range of active interests, Toby is one of the best all-round sports and athletes we know.

In Memoriam

There is no death—the thing we call death
Is but another, sadder name for life,
Which is itself an insufficient name,
Faint recognition of that unknown Life—
That Power whose shadow is the Universe.

GAULT McGREGOR BROWN

December 19, 1912—February 11, 1934

Gault Brown, son of Mr. and Mrs. Forest Brown, of Whitefield, N. H., was one of the outstanding students in school. For three years he maintained a constantly fine record, and this year was selected to do Honors work in Government. He also found time to be a very active member of the Politics Club. His passing removed one of the most talented and respected men from our midst.

FRANCES ELIZABETH CARROLL

March 12, 1912—November 14, 1930

The class of 1934 lost one of its most brilliant members in the death of Frances Carroll, daughter of Professor and Mrs. J. Murray Carroll.

She was fourth in rank in her class at high school and took part in many activities, being especially prominent in debating.

In college she had already become well-known as a fine student and a writer of unusual ability. She was also one of the few freshman chosen for the varsity debating squad.

We are proud to have had a girl of such calibre, one so admired and respected by her friends, as a member of our class.

MEREEN ELIZABETH WIDBER

February 16, 1913—March 5, 1931

The death of Mereen Widber, daughter of Mr. and Mrs. J. O. Widber, of Auburn, came as a sad conclusion to a long illness.

She had received third honor in the class of 1929 at Edward Little High School. There, as in the short time she was in college, she was recognized as an excellent student and a girl of sweet and attractive disposition.

Though not able to enter into many activities, she was known to her classmates as one always interested and cheerful. For her strength of character in persevering against illness, she deserves the greatest admiration: for her personality, the greatest love and respect.

IVY DAY POEM

Lord, give us Life inspired, that we may dare
To spread our tendril yearnings over all
The visions we have conjured in this hall
Of reaching beyond the common fare.
Lord, give us Faith in something worthy fame
Toward which the branches of our vine may stretch,
On which our reaching hearts may onetime catch
And weave a crown of glory in Thy name.
Lord, let us Hope, that what our roots have claimed
That where those youthful shoots, our dreams, have clung,
May not be rotted into lifeless dung
To leave us standing stark, alone, ashamed.
Lord, give us Life and something worthy Faith
On which this vine, our Hope, may wind its wreath.

CLASS SUPERLATIVES

MOST POPULAR MAN —

Apparently it has become a tradition that the Most Popular Man of a class shall be none other than the president of the class. And so, Frank Murray, our president for three out of four years, wins this title in the characteristic fashion that he has won many other honors.

MOST POPULAR WOMAN —

Here, too, a precedent is followed, for Verna Brackett emulates her sister, Fran, of last year's class, in being chosen Most Popular Woman. She deserved to Vin, we think.

BEST LOOKING MAN —

Gentlemen—and gentle women—prefer blonds. George Turner is a blond. Therefore, ... The rest of the syllogism is easy.

BEST LOOKING WOMAN —

We're wrong about the blondes, but it took Midge Reid to change our mind. Most everyone else in the class felt the same way, for Midge received an almost unanimous vote.

BEST ATHLETE, MAN —

Frank Soba ran away with this one. The Pride of Hyde Park showed undisputed prowess on the gridiron, the ice rink, and the diamond. Frank has the double distinction of having been captain in two sports, football and hockey.

BEST ATHLETE, WOMAN —

Toby Zahn is the Babe Didrikson of Bates. Her accomplishments in the field of sports as well as in other fields stamp her as one of the real outstanding women of '34.

BEST DRESSED MAN —

With ease and grace, Charlie Whipple has reigned supreme as the Beau Brummel of the campus. Many a heart has skipped a beat as this gallant showed the truth of the old saying that there's many a Skip 'twixt the cup and the lip.

BEST DRESSED WOMAN —

Verna Geddes is no stranger to the truth that clothes make the man. This smooth product of Auburn certainly knew her clothes.

WITTIEST MAN —

Ted Seamon won this one unanimously. Only one vote was cast. (Guess who cast it.)

WITTIEST WOMAN —

Sylvia Shoemaker's witty remarks and merry quips have brightened Rand Hall on many occasions. Laugh and the world laughs WIT you, says Sylvia.

BEST BUILT MAN —

Tall. Blond. Perfect physique. That's George Turner, the Apollo of the campus.

BEST BUILT WOMAN —

Slim. Supple. Lithe. Good looking. Verna Geddes showed us that she can take it. In fact, this is the second superlative she took—the other being Best Dressed Woman.

Most Respected Man —
Had he won no other honors, we would still have respected Frank Murray, for here was one man who was tolerant, broad, and yet of firm convictions.

Most Respected Woman —
Though quiet and unassuming, Miriam Wheeler, through her sincerity and friendliness, has earned our deepest respect.

Most Efficient Man
Clyde Holbrook and Frank Murray were tied for this one, so we conclude that there are two Most Efficient Men in the class.

Most Efficient Woman —
Efficiency—and you immediately think of Toby Zahn! 'Tis rumored that 26 organizations will go out of existence after Toby graduates.

Man Who Did Most For Bates —
Through his debating skill and oratorical ability, Frank Murray has helped to make the name of Bates known throughout two nations. Although the Canadians thought he was Scotch, Frank has generously given himself and his talents in unselfish service to Bates.

Woman Who Did Most For Bates —
Bates would be fortunate if it had one hundred more girls like Pat Abbott. Whether participating in Student Government work on campus or attending conferences, Pat has proved herself a most loyal student.

Woman Hater —
When the Editor of the Mirror wins a Superlative, people are slightly suspicious. But when he wins by one vote—by a nose, as it were—well . . . . . ! Someone suggested a recount, but Arik indignantly refused.

Man Hater —
Angela D'Errico thinks men are just horrid! Come, now, Angela, we're not so bad. It's just fellows like Povey and O'Neill and a few others that give us a bad reputation. The rest of us are all right.

Favorite Professor —
Voting was particularly heavy on this one, but Pa Gould's experience as an alderman in the Lewiston City Government enabled him to win over all other aspirants for this office.

Best Dancer, Man —
Why shouldn't Arnie Ruegg be the best dancer on the men's side of the campus? He's Benn-ett it long enough! Seriously, though, Arnie's win is a deserved one.

Best Dancer, Woman —
From Westbrook have come two artists of note: Skip Skillins with her twinkling feet, and Rudy Vallee with his smart music.

Best Orator, Man —
A varsity debater since his freshman year, Frank Murray has also been a most polished speaker. Although he won the title, Best Orator, Frank never orated. He didn't have to.

Best Orator, Woman —
Competition was scarce in this direction. Her majesty, Queen Marjorie Bennett, reigned supreme in the Halls of Oratory as well as in the realm of King Winter.

CLASS HISTORY, 1934

FRESHMAN YEAR

Four years less several months ago, our Alma Mater, we who are about to die saluted you—and you gave us the once over. With mutual hopes and misgivings each of us pondered upon what the last round-up in the distant year of 1934 would produce. After Freshman week, however, all hazy speculations were replaced by the more immediate demands of co-education, studying, and the general hither and thither of Freshmen.

The Editor of the Student thanked the Garnet Key (now defunct) because it didn't herd the boys out on Garcelon Field during the first home football game, as was the custom, and make "fools" of us. Because of this action and others, the organization was soon to lose its reason for existence.

Of the one hundred and ninety-five in our class it was universally accepted that one hundred and ninety-six were talented. Musical ability was predominant. Al Thorp was called upon to squeeze many a melody from his accordion; while as pianist, he with Norman DeMarco on the violin and Clyde Holbrook on the cello, became famous as soloists and as the Garnet Trio. As for Sylvester Carter, suffice it to say that he was our main reason for not cutting chapel.

In the field of Brooksquimbiana, Frank Murray, who also won the French Prize Speaking Contest, and Theodore Seamon made their debut into Intercollegiate Debating; while many good speakers came to light in Freshman debates and prize speaking contests.

This was the year of the famous alarm-clock episode when Brooks Quimby, conducting chapel one morning, asked the assembly to read responsively with him. But, alas! There were no hymn books in the pews. A few seconds later, an alarm clock began to tinkle healthily. Brooks didn't even bat an eye.

In athletics many took part and several starred—Toomey on the varsity hockey team, for instance. Several broke into print in the Student and Garnet; while Holbrook, David, and Clifford started out on their dramatic careers.

Frank O'Neill gained international fame this year when he acted as master of ceremonies at the J. B. Open House, in February.

The deaths of Frances Carroll and Mereen Widber, both fine scholars and highly regarded by their classmates, were sad events of this year.

This was a year of surprises. We discovered that, along with our other talent, we had a registered air pilot in the class, in the person of Dwight Gordon.

The officers who piloted us through our Freshman days were: Frank Murray, President; Mary Gardner, Vice-president; Nancy Crockett, Secretary; Julius Lombardi, Treasurer. The first two were destined to serve three years in their offices.

SOPHOMORE YEAR

Back we came the next year with a few additions and a few subtractions. At first Bobby's Am. Lit. and Pa Gould's Government made us long for good old Social Science and Hygiene, but not for long. Geology field trips brought a smile to our wan faces, and we did have something else to think about when the famous "Pajama Parade" and initiation came along.

Jimmy Balano casually sauntered back to the campus, a few weeks after college began, having spent a summer doing research work in Russia, Sicily, Spain, and Africa.

Our class was honored this year in having Toby Zahn, together with several upperclass women, attend the intercollegiate Play Day, held on the Colby College campus.

The first annual Honors Day was held in the chapel in March. At this time achievements along scholastic, forensic, and other lines were publicly recognized. Many members of '34 were among those honored.

The Garnet Key, the honorary sophomore organization in charge of freshman initiation, came to an end this year. A good ending to a bad situation.

When the Student elected new editors, Tom Musgrave, our outstanding journalist, was made Managing Editor of the paper.

This year James Balano, Mary Gardner, Verna Brackett, and Robinson Johnston were in the positions of President, Vice-president, Secretary and Treasurer respectively.

Our musicians continued to be in the public eye at various occasions. The community had an especial treat when Sylvester Carter gave his concert in November.

The names of Rugg, Soba, Millett and others were prominent in athletics; Oliver and Holbrook won the sophomore debates; while Frank Murray with Randolph Weatherbee made a successful debating trip to Canada. In the spring Al Thorp distinguished himself and the class by the management of Soph Hop; and the girls, after many false starts, staged their Country Club Dance.

At spring elections many of 1934 stepped into various campus offices, and half our college career was over.

Bernard Loomer became Vice-president of the Y. Clyde Holbrook and Toby Zahn were elected new student members of the Council on Religion.

JUNIOR YEAR

Returning to begin our junior year, we of the class of '34 realized we were entering the last half of our career at Bates, and began to hope we might graduate sometime after all. 1933-1934 was a year of changes. Not only did Roosevelt enter the White House, but Bates women were suddenly allowed to puff primly in public, Stu G parties were instituted at the locker building, and "Yale holds Bates 0-0" in spite of Moynihan and Soba in the game and Albert I. Oliver, Jr. managing the team.

The other big event of the Pre-Thanksgiving season was the famous Junior Cabaret, staged under the direction of Gene Ashton. Speaking of inflation—what balloons those were!

Another innovation came this year when student speakers appeared in chapel. Holbrook, Seamon, Murray, and Gardiner were our representatives. We certainly can boast speakers. This year Bates was, for the third time, champion of the Eastern Intercollegiate Debating League, with the famous pair of Murray and Seamon largely responsible. Several radio debates were mere incidents in the program of these two, while Frank won the State Oratorical Contest and Ted carried off the prize in Junior Exhibition.

Our always popular musicians also added to their laurels this year. Norman DeMarco's Little Symphony was the hit of the season. At Pop and the concerts given by the musical organizations the work of Carter, Holbrook, DeMarco, Small, Thorp, and Lucienne Blanchard was the piece De Resistance, Sine Qua Non, or Qu'Avez-Vous.

In the Little Theatre we saw Clyde Holbrook's grand performance in "Winter's Tale", as well as fine acting during the year by Milnes, David, Povey, and Drew.

Another innovation that should go down in history was the staging of wrestling matches in which the doughty Julius, Bernie, Welchie and Art strove nobly.

In the Garnet we found Oliver, DeMarco, McCue, and the future editor, Abbott Smith.

In time the March winds blew in elections, and we learned who were to carry on next year. The choice of Lombardi as president of Student Council; Holbrook, of "Y"; Pat Abbott, of Stu G; Verna Brackett, of W. A. A.; Connie Fuller, of "Y. W." promised a good year to come. Frank Murray was chosen president of the class for the third year, with Pat Abbott, Marjorie Bennett and Julius Lombardi the other officers.

Came spring—with Blazers, Ivy, and this and that. Al Thorp was in general charge of Ivy Day with Sumner Raymond arranging the Hop. After dutiful practising, we managed to negotiate the steps to the Gym platform, there to give and suffer under toasts. Ted Seamon, toastmaster par excellence, introduced Bernie Loomer, Frank Murray, Clyde Holbrook, Marjorie Bennett, Betty Wilson, Jim Balano, Julius Lombardi, Al Oliver, Miriam Wheeler, and Toby Zahn. Abbott Smith wrote the poem. After singing the ode written by Norman DeMarco and set to music by Al Thorp, we filed out to give our Ivy a good start in life. And then the Hop—merry and modernistic; and greatly to the credit of the committee.

Thus, except for the hurdle of finals, the year ended; and we were sorry we had only one more to go.

SENIOR YEAR

An history is not our line,
At something else we might do fine
And truth and fiction would combine
To make a song on love or wine.
When in this piece you note defection
Remember that we have protection,
For, of old, poetic license
Justifies a poet's nonsense.
Now this past year we shall peruse
And curry favor with the muse
To guide our suckling pen a bit
To history as she is writ.

The football season went like that
And almost fell completely flat.
Immortal Soba fought as ever
With his infinite good humor.
Other seniors bowed to juniors
All too often their superiors.
But non-athletic "Thirty-four"
Brought glory on another score.

Long "Seldon T." will wait the class
Which can in talent ours surpass.
A trio ours which well may vie
With those which critics deify.
Sylvester's voice may bring him fame
And Rutledge yet may win acclaim.
DeMarco and his Bobcats purred
While lads and lassies were bestirred.
Our honey-tongued and sweet Lucienne
Outdid her gold as Pirate Queen.
The highlight of the music year
Was more than a treasure for ev'ry ear.

Prof. Rob was girded for the fray
With quite a troupe in his 4-A.
The sure Colossus of this train
Was Clyde, who bore Macbeth's grim reign
And showed that he could stand the test
Of mighty Shakespeare at his best.
Jack David was most keenly felt
As great Macduff with whom grief dwelt.
Hell-gate's porter is unsurpassed
On stage or screen, present or past.
If 4-A annals allow a boast,
To "Thirty-four" be raised the toast!

Debating is Brooks Quimby's realm—
A steady hand means steady helm.
But a Captain without a crew
Is like a sole without a shoe.
Here again it was "Thirty-four"
Which led Batesina to the fore.
Murray and Seamon wandered far
And brought back tales of love and war,
But none so foul and none so fair
As that of the man who dared declare:
"What fine Scotch names are Murray—and Seamon"
Ted swears the man was possessed of a demon.

When history is written soon
And Doctor Anthony has done,
There's one event will be left out
Because it was a student bout.
The man who wrote sometime ago
That students be allowed to grow
Might frown, and then again might laugh
That some had tired on growth's behalf.
Seniors led in this, and seniors lost,
But theirs the laugh when others count the cost.

Gay June brings flowers and degrees
And conjures up great memories.
Soon in the petty pace of things
Recollection will be all that sings.

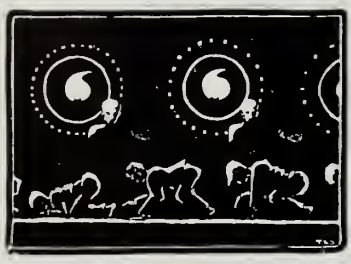
CLASS HISTORY, 1935

FRESHMAN YEAR



Two hundred and sixty-five strong we arrived on the Bates Campus the latter part of September. After a desultory initiation, enlivened by the Pajama Parade and the Party at Thorncrag, we settled down to real college life, having been duly introduced, of course, to the traditional social events of the fall season: the "I am-you are", the Stanton Ride, the All-College Picnic, the President's Reception and the Chase Hall dances —where we surveyed each other and longed for Thanksgiving to come.

Our class soon proved that it had its share of talented members who promised to contribute much to the extra-curricular affairs of the college. The Freshman football team lost only one game, and the following received numerals: Aldrich, Anicetti, Fuller, Gay, Gilman, Hill, Kramer, Lenzi, Lindholm, Lynch, Mendall, Pond, Pricher, Rainville, Rohin, Stone, Taylor, Valicenti, and Zook. The productions of the 4-A Players showed that Barbara Lincoln, Thelma Poulin, Margaret Perkins, Charlotte Longley, William Haver, George Orestis, and John Dority were capable of turning out admirable, histrionic performances. Norton, Perry, Lawrence, McLean, and Pierce participated in Freshman debates. Ray Stetson and John Dority received first prize in the men's public speaking contest, while Margaret Perkins and Charlotte Harmon won in the women's division.

Late in November the following officers were elected: President, Gordon Jones; Vice-president, Fran Hayden; Secretary, Jerry Avery; Treasurer, Bob Kramer— all of whom performed their offices ably.

Our hockey team remained unbeaten, with Yeaton, White, Lynch, Heldman, and Greig contributing largely to the success.

Came the spring, and our thoughts turned not only to love but to track. Anicetti, Bangs, Kramer, and Malloy did their bit in the various meets. Being merely Freshmen, we did not rate the dignity of a formal, but we did give an enjoyable Freshman Sport Dance in May, with vocal entertainment furnished by Harry O'Connor, Paul Eggleston, and Norm Greig.

SOPHOMORE YEAR

Sophomore year started off with a bang. Did we not hold Yale to a scoreless tie, and did not the work of Pricher and Stone, as well as other members of '35 on the football team, receive acclamation?

The same set of officers that we chose Freshman year had been elected to lead the class again, and this they did. Jones was prominent in debating; Fran was Secretary of the Y. W. C. A.; Kramer performed very creditably in high jumping; and Jerry became literarily-minded. The class, as a whole, had diminished to 200 members; and sad to relate, more were lost when mid-years rolled 'round again— perhaps it was due to the novel atmosphere of the Gym.

Springtime again, and much discussion on pins and blazers. We aroused somewhat the wrath of the upperclassmen when we seemed bent on destroying class and college traditions. We finally ended by deciding nothing definite, but appointed committees headed by Gin McNally and Joy Dow to look into the

matter. Journalistic tendencies were displayed by '35 in Dot Kimball's being made Women's Sport Editor of the Student, Margot Hoxie, Intercollegiate Editor, and Bond Perry, City Editor. Powers McLean, our outstanding literary light, was made assistant editor of the Garnet.

Lest we forget scholastic achievement, mention must be made of our embryonic Phi Betes: Elsie and Florence Gervais, Harry O'Connor, and Walter Norton.

JUNIOR YEAR

Led by Milton Lindholm, Fran Hayden, Bob Kramer, and Barbara Leadbetter, the class of '35 started off its Junior year with a bang. Mendall, Gilman, Fuller, Lindholm, Stone, Pricher, Carlin, and Hill continued their good work in football; and Drake and Winston helped out in cross country. On the stage, members of our class were well represented in the first 4-A presentations of the year. Then on November 25—the first social event of the season—Junior Cabaret—a glamorous affair with its Spanish Sidewalk Cafe motif—well attended and much enjoyed, due to the tireless work of the committee: Charlie Paige, Bill Fellows, Norm Greig, Evelyn Anthol, and Betty Durrell.

Until Christmas vacation things rather dragged; but "Alice-Sit-by-the-Fire" with Peggy Perkins in the leading role; the Y. W. bazaar in the form of the Last Round-up, with Evelyn Anthol in charge, and the innovation of Open House at Thorncrag helped to break the monotonous routine of 7:40's and 11 o'clocks. In debating, Gordon Jones and Bond Perry upheld the honor of Bates.

After vacation, the season of winter activities began—Pop Concert, Tea Dance, Carnival, hockey games, and track meets kept us busy. Harry O'Connor, Normie Greig, and Prof. Lewis with their harmonious voices helped liven up the annual musical formal. Members of '35 were prominent on Carnival committees, and had much to do with the Carnival's great success. In hockey, goalie Heldman was outstanding; while Captain Kramer and Pendleton performed well on the boards.

Carl Milliken, a popular and prominent member of the class, injured his head while ski-jumping off the Mt. David jump; and the dawn of a new semester found Dayt Taylor once more back on campus after a sojourn in Paris and London.

As spring drew nearer, discussion, as usual, about the Blazers was rampant. After a comparatively peaceful meeting, the class voted to have dark blue or white blazers, agreeing with the selections made by the committee which was headed by Joy Dow. Junior Girls' Dance was another enjoyable evening, thanks to Charlotte McKenney and her committee: Miriam Diggery and Miriam Knapp.

March arrived, a stormy month, and we don't mean only the weather. Mass meetings, class meetings, discussions and petitions; but every thing was finally settled to the satisfaction of the majority (?)

As we look over the results of the All-College Elections, we find that Lindholm, Gay, Fuller, and Dority seem to be the outstanding men of the class, in whose hands will the power rest for the next year. Kitty Condon, Betty Fosdick, Fran Hayden, and Ruth Frye will reign over the co-ed side of the campus. Good luck and success to all of them.

CLASS HISTORY, 1936

FRESHMAN YEAR

Bates! September 26 and a group of green but enthusiastic Freshmen made their way to the campus. Strangers! But not for long, with I.M.U.R. giving famous Bates names for our mem-books and future friendships—with the Stanton ride furnishing exercise and a knowledge of Bates customs and traditions.

Having outworn some of the greenness, we settled down to becoming real Bob-Kittens by taking part in all the Campus organizations and activities.

From the first a large number of the class proved interested in dramatics—Mary Abromson, Ruth Coan, Louise Geer and Eddie Curtin had prominent parts in the three one-act plays. In the Varsity play "The Perfect Alibi", Eddie Curtin and Ila Page had the leading parts. Nine members of the class were in the cast for the Shakespearean play, "The Winter's Tale" with Mary Abromson taking the role of queen.

Two well-managed debates were presided over by the class president and vice-president. Ruth Rowe and Owen Dodson won the Prize Speaking Contest.

The all-College elections brought only one change in the class officers—Robert Saunders succeeding Arnold Anderson as Treasurer. Our President, Verdelle Clark, Vice-president, Lenore Murphy, and Secretary, Bernice Winston, continued the same. Edith Milliken and Eleanor Glover were elected to the Student Government Board; Marjorie Fairbanks was chosen Secretary of Y.W.C.A. and Dorothy Wheeler, Secretary of W.A.A. Edmund Muskie and Stanton Sherman were elected to the Student Council.

And so to our Sophomore Year!

SOPHOMORE YEAR

We started our Sophomore year with twelve members of the Class of 1936 on the Football squad—Beirnacki, Wellman, and Clark winning their varsity B.

1936 still continued in dramatics—Lenore Murphy, Edith Jordon, Allen Ring, Muriel Underwood and Henry Sawin enacted prominent parts in "Alice-Sit-By-The-Fire". In the three one-act plays, Louise Geer, Bernice Winston, Clifton Gray, Irving Isaacson, Alonzo Conant, and Owen Dodson each showed considerable dramatic ability. When "Macbeth" was produced in March nine members of the Sophomore class were in the cast—Ruth Coan playing one of the leading roles. Elizabeth Wallbank, Lenore Murphy, and Edward Curtin will have character roles in the next play, "The First Mrs. Fraser".

Bates and Debating—Jack Crockett and Edward Curtin were chosen the best speakers in the Sophomore Prize Debates. Priscilla Heath, Ruth Rowe, Isabella Fleming, Carleton Mabee, William Greenwood, Edmund Muskie represented the class in the Varsity debates.

Black and white decorations at the Soph. Hop on March 19—a successful formal—thanks to Ted Wellman, Jack Parfitt, Lenore Murphy, Howard Buzzell, and Bernice Dean.

And why not mention our girl athletes—Dorothy Wheeler, Ruth Webber, Margaret Hulbert, Lucy Moyes, Ruth White and Valeria Kimball, who made their numerals in W. A. A.?

Then—all-College elections: Lenore Murphy re-elected Vice-president for the second time, Edmund Muskie our new President, Dorothy Staples, Secretary and Walter Conrad, Treasurer. Ruth Rowe was elected Vice-president and Marjorie Fairbanks, Treasurer of the Y. W. C. A. Dorothy Wheeler was chosen the Vice-president of the W. A. A. Board. Charles Pendleton succeeded Sumner Libbey as Vice-president of the Y. M. C. A.

With the Sophomore girls' dance our social events of the year will be brought to a close.

Here's to our Junior Year!

CLASS HISTORY, 1937

Into the Melting Pot we went seasoned with parties, receptions, programs and lectures, and out of it came the end of Freshman week and the beginning of the class of 1937. Our first social venture as a group was at I. M. U. R. The shy ones moved an inch this way, an inch that way and back into their corners, trying to work up courage enough to ask someone to sign their cards. The bolder ones moved a foot this way and a foot that and got their cards signed. At the end of the evening the sponsors of the affair tweaked a falling hair into place and sighed benevolently—the Freshmen were acquainted.

Stanton Ride with its legends of Uncle Johnny Stanton was a delightful affair which made us feel very close to the traditions and ideals of Bates, after which we settled down to study hard, oh, very hard until President Gray's charming mixed parties. After those we gave up trying to study, Bates was too exciting.

From the beginning of the football and track seasons it became apparent that the class of 1937 had no lack of good athletic material. Among the more promising men in football were Merle and Paul McCluskey, Barney Marcus, Edward Gillis. Tony Kishon, an artist with the discus, was an outstanding weightman on the varsity track team and broke a record or two. He did especially fine work in the Bates-Maine dual meet. The Freshman trackmen won six straight victories and were considered by sports authorities to be one of the best first year outfits in Bates history.

Athletics are athletics anywhere, but it wouldn't be a Bates class without a good many people out for debating. The freshman prize debates resulted in the following people being chosen for the debating squad of the second semester: Lawrence Floyd, William Metz, Ernest Robinson, Harriett Durkee, and Margaret McKusick, all of whom show a great deal of promise for the future.

Tryouts for Heelers found practically seventy-five freshmen out, all eager and most of them showing some talent. From this group, the largest trying out in the history of Bates College, the following were chosen: Millicent Thorp, Margaret Melcher, William Hamilton, Jean Lowry, Ruth Merrill, Evelyn Kelser, Betty Stevens, Peter Courtis.

Speaking of Heelers, mid-years certainly held a few dramatic moments for most of us. Compassion still reigns in the hearts of most Bates professors, however, and very few of us actually packed tearfully for home—which was remarkable.

Class elections for 1934-35 resulted in an upset for practically the entire 1933-34 administration. The class chose Charles Gore for its new President, Margaret Melcher for Vice-president, Ruth Merrill, Secretary, and Ernest Robinson, Treasurer. William Metz and Clarence Martin will be our Student Council representatives, while Jeannette Walker and Carol Wade were elected to Women's Student Government.

Approximately twenty freshmen are doing work on the college publications, the Student and the Garnet.

We came to Bates with eager hearts and a youthful desire to do great things. We have done one great thing, we have become a part of Bates.

The Student Council was especially fortunate this year in having within its membership the presidents of the two upper classes as well as the student leaders of several of the most important campus organizations. As a result, it presented a closely knit and smooth working group.

The Student Council was able to continue in its improvement of the conditions of student life, and furthered the policy of co-operative administration between the faculty and the student body. Several new activities were inaugurated by the Council. The policy of non-initiation was maintained and once again, the General College Election was supervised and financed by the Student Council.

The Women's Student Government Association became in 1933-1934 one of the more important campus service organizations at Bates. In addition to the magazines provided for the dormitories, a copy of the New York Times arrived daily. Tea was served in Rand reception room to the women of the college several Sunday afternoons throughout the year. The Women's Locker Building was opened one evening a week when bridge and games were enjoyed by women and their guests. In January, Student Government sponsored a tea dance.

On Thursday evening, December 7, the annual Student Government banquet was held in Fiske Dining Hall. The speaker of the evening was Marie Perry Stafford who chose as her topic, "Perry Monument in Greenland."

In November, the Bates Student Government was very happy to send Miss Patricia Abbott as one of the two New England delegates to the convention of the Eastern Association of Women's Student Governments at Women's College, University of North Carolina, in Greensboro, N. C. In the spring, two members of the Board were sent as delegates to the New England Conference at the University of Vermont, at Burlington.

The Macfarlane Club, composed of students of musical ability, is one of the largest on campus. Its main purpose is to develop a keen appreciation of and interest in music.

This year the club was fortunate in having Miss Isabelle Jones give a song recital at one of the open meetings. Also, it aimed to bring musical co-operation between the Maine Colleges by having the Colby Musical Club join with the Macfarlane in a joint program. It is hoped that such programs will be continued in other years and become more frequent.

The Choir is as much a part of the Chapel Services held every morning as are the speakers themselves. Under the able direction of Professor Seldon T. Crafts, it has proved to be one of the most outstanding organizations on campus. Because of the splendid work done in the past, it was asked to prepare two anthems a week. It has faithfully and very efficiently lived up to its prestige. Not only does it play a great part in the morning services, but also at Vesper Services at which it has ofttimes provided the entire musical program.

The members in the Choir of the class of '34 wish to be acknowledged as saying that in their memories of friends at Bates, Professor Crafts will never be forgotten.

The Band, under the able leadership of Charles Povey, has been one of the prominent musical organizations on campus. It has played at all football games, rallies, and, for the first time, at the dual track meet between Bates and Maine. The Band was also a great asset at the annual basketball tournament. We were fortunate this year in having a drum major in the person of William Hamilton, whose versatility is outstanding. The second annual outdoor concert was given this spring.

GARNET TRIO

Violin, Norman DeMarco

For four years this popular and talented group has maintained its position as an organization second to none of its kind in Lewiston or Maine. Since their Freshman year, DeMarco, Holbrook, and Thorp, have very creditably filled innumerable engagements in the community and throughout the State. Their work has always been characterized by depth of feeling, mature interpretation, and genuine appreciation coupled with ample technique which has elicited favorable comment from all critics who have heard them.

Their crowning achievements have been the Portland concert of last year when they were lauded as "an organization of professional dimensions", and the filling of a summer's engagement at the fashionable Bay View House not far from Old Orchard.

The Garnet Trio has made a very definite contribution to the musical life of Bates and the graduation of its members leaves an indisputable feeling of regret among all lovers of the better class of music.

Under the skillful leadership of Sylvester Carter, '34, this small, yet extremely able group, has developed into one of the finest musical organizations on campus. If we may judge from the hearty applause and generous comment, those who attended the Bates Teacher's Banquet during the Convention realized the possibilities of the chorus. Later engagements, including the Elks' Memorial Service and the Pop Concert, only proved once again the ability of Mr. Carter to mould a finished organization from a nearly totally inexperienced group of singers.

The Choral Society is a combination of the Men's and Women's Glee Clubs under the direction of Professor Seldon T. Crafts. This organization was formed last year and made several appearances, among which were the concert given in the Portland City Hall and the concert given in the Bates Chapel. This year it made its first appearance in the Auburn Theater singing at the Elks' Memorial. Sylvester Carter and Lucienne Blanchard — the two outstanding soloists of the group — have proven themselves to be pleasing and talented singers at every performance.

Gradually the Orphic, by far the most outstanding musical unit on campus, is swelling to true symphonic proportions. From a very small group consisting of meagre instrumentation, this organization has increased to 37 members.

The Orphic deals chiefly with the better known classics and, at various intervals during the school year, concerts are given for the entertainment of students and townfolk. Sincere respects and gratitude should be paid Professor Crafts whose tireless efforts have placed the society in high standing.

The program of the 4-A Players called for four productions this year, and also a number of innovations. A new switch board has been added to the equipment backstage. Some new drapes and new properties are now in use. The club plans to put a troupe on tour in the spring and also to provide speakers to explain the work of the club and to stir up interest among prospective students.

Meetings have been held at regular intervals to discuss and direct the policies and activities of the club.

"Prof. Rob" has been an inestimable help and inspiration to the club. His part is not an easy one, continually breaking in new material to replace that lost by graduation.

Roger Flynn stepped into the shoes of Stage Manager left vacant by the resignation of Charles Povey. Mr. Flynn has done a fine job. It is due to him that the productions have gone so smoothly.

The business accounts have been ably and efficiently handled by Warren Crockwell.

The simplicity of the stage settings increased the dramatic effect and made possible the heightened tempo so essential to this tragedy. The parts were very well cast and the leads were in extremely competent hands. Mr. Holbrook made his adieu to 4-A audiences in his role of Macbeth. This was also the last appearance for several of the other 4-A members.

The lighting was very well done and extremely effective in the ghost scenes and in the witch scenes.

This difficult tragedy was made possible through the absolute cooperation of all those taking part.

The cast was composed entirely of students from the Junior, Sophomore and Freshman classes. This was done to leave the Seniors free to attend the rehearsals of the Greek Play. The fine humor of the play was well appreciated by the audience which judged the play a fitting end to the year of 4-A activities.

The Heelers' Club under the presidency of Russell H. Milnes has done excellent work this year. President Milnes has brought about a closer affiliation with the 4-A Players. The program of the Heelers' Club includes several play readings and a few demonstrations by members of 4-A. In the past, this club has been merely a name but the work of Mr. Milnes has aroused interest. The Heelers' has become a real live club.

The Debating Council is the body which has general supervision over all debating activities for the College. Membership is distinguished into two classes, temporary and permanent. At the beginning of each semester the Debating Squad for the semester is selected by competitive trials. Those on the squad automatically become members of the Debating Council but only for the remainder of that semester. Actual participation in an intercollegiate debate makes membership in the Council permanent. Thus once a debater has taken part in one intercollegiate contest he or she remains a member of the Debating Council for the remainder of the four years of college attendance. Besides having direct charge of all intercollegiate contests in which Bates participates, the Council manages the Bates Interscholastic League final debates here on campus in April of each year.

DELTA SIGMA RHO

OFFICERS

President, Abraham S. Feinberg, '13
Secretary-Treasurer, Yvonne L. Berkelman, '28

Delta Sigma Rho is the National Honorary Forensic Society. Completion of the sophomore year and participation in at least two intercollegiate debates are the minimum requirements for membership. Admission is purely honorary, Delta Sigma Rho being the Phi Beta Kappa of Debating.

Election to this Society, in which Bates holds the only Maine chapter, has been awarded this year to the following: Robert Fitterman, '34, Wendell B. May, '34, Theodore I. Seamon, '34, Lillian M. Bean, '35, E. Joyce Foster, '35, K. Gordon Jones, '35, Walter J. Norton, '35, Margaret E. Perkins, '35, and Bond M. Perry, '35.

CANADIAN TOUR

Through the able debating of Frank S. Murray, '34 and Theodore I. Seamon, '34, Bates has once more maintained its standard as one of the leading debating colleges in the world. In a trip lasting exactly six weeks, these Bates men traveled from Halifax to Victoria, the first tour of Canada ever to be made by a team from the States. The tour was conducted under the auspices of the National Federation of Canadian University Students, after their request that Bates represent the United States in an international tour.

We might summarize the trip as follows: Eleven victories out of twelve encounters—ten thousand miles from the Atlantic to the Pacific and return—first American team to tour Canada—1096 out of 1602 audience votes—22 out of 25 judges' votes—these are a few of the highlights of the tour—a tour which once again brought glory not only to Bates, but also to our coach, Brooks Quimby.

THE EASTERN INTERCOLLEGIATE DEBATING LEAGUE

The regularity with which Bates is acquiring the championship of the Eastern Intercollegiate Debating League seems to make the winning of this honor the beginning of a Bates tradition. Four times in first place in five years of membership in the League, and again this year selected to represent the East in a nation-wide radio debate with the champion institution of the West! This year the first place in the League was a tie between Bates and Yale, each institution having won the same number of debates and having the same number of judges' votes. During the present season Bates met the University of Pennsylvania, Brown, Mount Holyoke, Yale, and Lafayette, winning fourteen out of a possible eighteen judges' votes. Only one debate was lost, that with Lafayette, making the only loss of the year and but the second one in two years of League debating which includes twelve contests. Such a record certainly reflects much credit on Professor Brooks Quimby, the director of Bates debating, especially when it is considered that many of the League members are of much greater size than Bates. The other Institutions in the Eastern Intercollegiate Debating League besides those above mentioned are: Wesleyan, Smith, Wellesley, Amherst, and Williams. The men participating in this year's League debates were: Theodore I. Seamon, '34, Robert Fitterman, '34, Wendell B. May, '34, Frank S. Murray, '34, K. Gordon Jones, '35, Bond M. Perry, '35, and William J. Greenwood, '36.

NON-DECISION DEBATES

Convinced of the truth in the saying that there are two sides to every question of controversy, the Debating Council makes the presentation of both these sides an important part of the Bates debating schedule through a group of non-decision debates with various institutions. The debating season was opened by a trip through Vermont which included two of such non-decision contests, one with Middlebury College and the other with the University of Vermont. While in Burlington, two of the Bates men took the boat across Lake Champlain on a windy day. Norton came back all wet, literally, but ask Greenwood how he felt when he discovered that it was his coat that the soaking Norton had worn. Non-decision debates were also held with Tufts College, the University of Florida, and Boston College. Those participating were: Wendell May, '34, Walter Norton, '35, Ray Stetson, '35, William Greenwood, '36, Carleton Mabee, '36, Edmund Muskie, '36. The questions used were: Radio, N. R. A., and the Powers of the President.

RADIO DEBATES

Radio debates were important highlights in the debating program of the year. On October 28, Bates, as the Eastern Intercollegiate League champion, met Iowa University in an East-West debate, over the WJZ network of the National Broadcasting Company. The two Bates speakers, Theodore I. Seamon, '34, and Frank Murray, '34, spoke from Station WBZ, in Boston, while the Iowa debaters spoke from Chicago. Hundreds of alumni heard the debate, and Grace Parsons Harmon, '11, of Los Angeles, had the honor of writing a letter of congratulations to the debaters from the most distant point.

In February, Bates met the University of Maine on the Radio question, over WCSH and WLBZ. The participants in these debates were: F. Carleton Mabee, Jr., '36, Wendell B. May, '34, Edmund S. Muskie, '36, and Walter J. Norton, '35. While on the Lafayette trip, William Greenwood, '36, K. Gordon Jones, '35, and Wendell B. May, '34, clashed with Lincoln University, in an Oregon style debate, on the Radio question.

OPEN FORUM DEBATES

Through the efforts of Professor Quimby, the director of debate, a new type of debating, the Open Forum, was inaugurated among the four Maine colleges. In this, each institution has one representative who upholds one possible solution to a four-sided problem. After the presentation of the four different views the audience has the privilege of questioning any or all of the speakers. The first Open Forum was held at Bates in November of last year. The question was on the best form of government, Fascism, Communism, Parliamentarism, or the Presidential type. Bowdoin, Colby, the University of Maine, and Bates upheld the above types in the order named. Bond M. Perry, '35, represented Bates in the discussion. The second Open Forum was held at the University of Maine this April. The subject at that time was Currency. Bowdoin upheld the Gold Exchange, Colby, Managed Currency, Maine, Gold Standard, and Bates, International Bimetallism. Robert Fitterman, '34, represented Bates. It is hoped that this style of non-decision debate introduced to the State of Maine by Bates will be continued by the four Maine colleges, as evidence of the friendly spirit and co-operation which does exist beneath the surface of physical struggle for state title football, baseball, and hockey games.

MEN DEBATERS

First row, left to right: Bond Perry, Wendell May, Theodore Seamon, Frank Murray, Robert Fitterman, Gordon Jones.

Second row, left to right: William Greenwood, Carleton Mabee, Edmund Muskie, Ray Stetson, Walter Norton.

CLASS PRIZE DEBATES

Each year the Debating Council sponsors the freshman and sophomore prize debates. An award is made to each winning team, and an additional prize is given to the best individual speaker in each debate. Arnold Kenseth, '37, Jean Lowry, '37, and William Metz, '37, were the members of the winning team in the first freshman debate on the Radio Question. William Metz was named best speaker. In the second freshman debate on the Oxford System of Education, Harriett Durkee, '37, and Ernest Robinson, '37, were the members of the winning team. Lawrence Floyd, '37, of the losing team, was given the award for best speaker.

In the first sophomore prize debate, the question of intercollegiate basketball at Bates was discussed. The members of the winning team were: Edward Curtin, '36, Lenore Murphy, '36, and Damon Stetson, '36. Edward Curtin was best speaker. In the second debate, this time on fraternities, Alonzo Conant, '36, and John Crockett, '36, were the winners, with Crockett best speaker.

INTERSCHOLASTIC DEBATING LEAGUE

Once more Bates assumed the directorship of the New Hampshire and Maine Debating Leagues. The subject of discussion was: Resolved, That the United States should adopt the essential features of the British system of Radio control and operation.

On April 13, the finals of the New Hampshire league were held on campus, with Lancaster Academy, Laconia, and Raymond High School participating. Lancaster Academy won the New Hampshire State Championship, with Laconia High in second place. John Smith, of Lancaster Academy, was awarded the scholarship which is annually awarded to the best speaker of the tournament.

The Maine League debates were held the following week, with thirteen schools participating in the semi-finals. Due to the severe floods in the northern part of the state several schools were unable to appear.

Portland High, Oxford High, and Phillips High succeeded in entering the finals on April 21. The championship was won by Portland High, with Phillips High the runner-up in the contest. Julio Pratt, of Phillips, was awarded the scholarship for best speaker.

The schools winning first or second place in either tournament are eligible to compete in the National Tournament at Topeka, Kansas.

Most of the credit for the success of the tournament this year is due to Professor Brooks Quimby and his assistant, Joyce Foster, '35, who organized and directed the activities of the League.

FRESHMAN AND JUNIOR VARSITY DEBATES

The junior varsity squad serves both as training for the underclassmen on the squad, and as a means of giving exhibition debates on the interscholastic question before various high school audiences. Debates between teams picked from the Bates varsity squad were held at Lancaster Academy, Portsmouth, and Franklin, New Hampshire. Exhibition debates were also given before the Rotary Clubs, and the Grange.

The men who participated in these debates were: Ralph Musgrave, '35, Ray Stetson, '35, Irving Isaacson, '36, Robert Lawrence, '36, Lawrence Floyd, '37, James Grossbard, '37, William Metz, '37, and Ernest Robinson, '37.

WOMEN DEBATERS

First row, left to right: Ruth Rowe, Margaret Perkins, Lillian Bean.
Back row, left to right: Joyce Foster, Priscilla Heath, Isabella Fleming.

The women had an unusually heavy schedule this year, starting as early as October 30 with a debate against Middlebury on the radio question. Ruth Rowe, Priscilla Heath, and Lillian Bean represented Bates at that time. On February 15, Joyce Foster, Isabella Fleming, and Priscilla Heath met a University of New Hampshire team at Durham and discussed Presidential Powers. March 11 the University of Maine girls visited us and considered adopting the English system of radio operation and control with Ruth Rowe, Joyce Foster, and Isabella Fleming. Three Vermont girls came to our campus on April 10 and debated Lillian Bean, Joyce Foster and Margaret Perkins on whether or not we should adopt the N. R. A. as a permanent measure.

After that came the longest trip in the history of women's debating when Lillian Bean and Margaret Perkins left, on April 15, for a tour throughout New York State. They met Elmira College, the men of Hobart College, and Syracuse University on the negative of the N. R. A. Following a visit to Niagara Falls, where they were entertained by Alumni, the girls debated at State Teachers' College in Buffalo on the radio question.

The women were sorry they could not accept invitations to meet St. Lawrence University, Keuka College, Massachusetts State College, Pembroke College and College of the Pacific, and hope that the itinerary will include them all next year.

Last Spring, Thomas W. Musgrave was elected Editor of the Mirror, but due to his resignation in the Fall, a special election was held and the present editor was chosen. Early in the year the first board meeting was held, and at this time plans and policies were outlined.

Though countless problems have arisen during the year, both the Editor and the Business Manager have enjoyed the work of publishing this volume of current Bates history. The staff has been an admirable one and has always manifested a willingness to work and to co-operate. To them, and to all others who have helped in any way, the Editors express their sincere thanks and gratitude.

The Bates Student in the past was considered "a necessary evil". But under the editorship of Thomas Musgrave it attained the position of campus leader.

Among the results of its suggestions are: Sunday tennis, co-educational dining, the annual musical concert, a Christmas party for the youngsters of the city, a chapel discussion on pacifism, to mention a few. Some of the suggestions not acted upon are: the need for organized athletic publicity, the unfairness of the rule for overcutting.

The volume of advertising attests to the relative worth of the Student. It had more than any weekly in New England. Humor columns planned by the editor were officially barred by the Publishing Association.

"A bit sensational", one member of the faculty characterized the Student, "but it is one of the best papers in New England".

The Garnet has been going through the pangs of rebirth during the last three years. When Valery Burati, '32 was editor of the college literary magazine, he sought to establish ideals of variety and significance which would put The Garnet in a position of importance in the life of the college community. Burati was succeeded by Charlotte Cutts, '33 who maintained and advanced the standards which her predecessor had set. Miss Cutts chose as her successor Abbott P. Smith, 2nd, '34 who has guided The Garnet through two issues during the past year. He has been assisted by a large and competent staff of associates chosen from the undergraduate body.

Smith made certain innovations in the form of The Garnet which have added a great deal to its appeal to the student body and to alumni subscribers. The Exchange Department has been developed to a considerable extent in order that The Garnet may become known to other colleges. Material has been of great variety, including articles on political, social, and economic subjects. Prize contests for short stories, essays, poetry and art work were run in two issues.

The Board appoints each spring, usually from the recommendation of the editors of the previous year, the incoming Editors-in-chief of the Student and the Garnet. These students make financial reports periodically before the Board.

The aim of the council is to bring before the college community the highest type of religious speaker and religious expression. It carries out this aim by holding vesper services at various times during the year, at which such men as Reinhold Neibuhr, Rufus Jones, and Professor Van Dusen speak. The musical-meditation services have also proved of benefit to religious interests upon the campus.

It has been due to the untiring effort and direction of the faculty representatives that the council this year has met with such success in bringing "intelligent religion" to the college.

The Phil-Hellenic Society carried through another very successful year in the face of the very serious obstacle of having its potential membership curtailed by the late cessation of the requirement concerning Greek. However the Society continued its work in bringing to its members and to the campus lectures and programs of classical interest. The many interesting talks given by Prof. Chase served as in the past to offer a background for the Club's work.

The reception to the Greek citizens of Lewiston and Auburn was again a success and remains as an institution to the many and cordial relations between these people and the students of the ancient language.

Much enjoyment comes from singing songs in Latin and in playing Roman games.

The national honorary society of Phi Sigma Iota was founded with the sole object of rewarding and stimulating interest and excellence in scholarship in the field of Romance Languages—French, Spanish and Italian. The Kappa chapter was installed at Bates College with this purpose in view in 1928.

During the year 1933-34, meetings were held the fourth Thursday of each month. At each meeting various members reported on subjects pertaining to France as a factor in international expansion. Through these very interesting reports much was added to our store of knowledge of France, its peoples, its institutions, and its customs.

Each year the German Club admits to its membership a limited number of students who are interested in the language and who have attained a high rank in their study of it.

This year the annual Hallowe'en party was held at Thorncrag and the Christmas party in the Women's Locker Building. A new system was carried out in which meetings were held once a month instead of bi-monthly. These meetings were held in the homes of Dr. Leonard and Professor Harms. This innovation proved very successful. The programs included a variety of interesting subjects such as plays, speeches, and the singing of German songs. The last fifteen minutes of each meeting were devoted to group conversation in German.

The Men's and Women's Politics Clubs amalgamated under a new constitution, November 21, 1933, into The Politics Club of Bates College.

The purpose of this club is to study domestic and international affairs in order to promote an active and intelligent interest in present political and economic problems. It is composed of members of the sophomore, junior and senior classes majoring in Government, Economics, Sociology, and History.

Outside speakers are brought to the campus and open meetings are held to interest those outside of the club in current problems. Delegates were sent to the University of New Hampshire to attend the conference of the International Relations Clubs of which the Politics Club is a member. In the spring a model Pan-American Conference was held.

The Jordan Scientific Society has done much to stimulate interest in the Sciences. The Society embraces such fields as Biology, Geology, Physics, and Mathematics.

The purpose of the society is to effect a correlation between the sciences and between pure and applied science. This is done through such means as speeches by members, faculty, or specialists, and through trips to locations of interest. Meetings are held every first and third Tuesday of the month.

The purpose of the society is to stimulate interest in science among the women of the college and to keep the members informed on modern discoveries and works along scientific lines.

The meetings are held regularly on the first and third Tuesdays of the month. Programs presented by individual members as well as outside speakers have been enjoyed. The society also cooperates with Jordan Scientific and Lawrance Chemical societies as much as possible.

The Lawrance Chemical Society is composed of a group of students majoring in chemistry. The purpose of the organization is to stimulate interest in chemistry and to keep its members informed of the rapid progress made in this field. This is accomplished by means of lectures and discussions by members, by outside speakers who are specialists in the field, and by the department instructors.

The bi-monthly meetings this year were well attended and very profitable. The second semester's program includes a symposium on a subject of interest in which all the members and instructors take part. Another feature of the society is the scientific exhibition held bi-annually in conjunction with the other scientific societies.

Active interest in religious work is a requirement for membership in the Christian Service Club.

In the fall, a candlelight initiation service is held in the chapel. The ceremony, symbolic of the purpose of the club, is very impressive. Fellowship is easily achieved in monthly meetings at the home of Dr. Zerby, the club adviser. Discussion follows stimulating talks on vocational themes by religious leaders including recent graduates. At Christmas, the cabin party at Thorncrag is always a merry affair. A few families in the community are given Christmas dinners.

The new members this year strengthened the club greatly.

OUTING CLUB

In celebrating its fifteenth year of active service, the Bates Outing Club has this year carried through an enlarged program of activities that have been received with remarkable success. This work was extended to its fullest extent in order that the members, now one hundred percent of the student body, the Faculty, and the Alumni, might enjoy the opportunities offered.

The Club launched its program the first school week last fall with a hike to Thorncrag where an open-house cabin party was held for the Freshmen. This party and an evening of moving pictures, describing the Club's work, gave the newcomers a clear outline of the width of endeavor that the Outing Club sponsors.

Other hikes and mountain climbs were taken during the fall while skating, skiing, snowshoeing, and tobogganing were provided for in the regular winter schedule. All the winter sports equipment was in constant use; the weather and large amount of snow being ideal for such this winter. Near the end of the snow season the club bought six new ski-sleds.

Having the most snow and the coldest weather in years proved a boon for the annual Winter Carnival which was carried on with the greatest success. Reorganizing the general list of events, the Carnival Directors commenced the Carnival Week with an exciting Faculty-Student baseball game on snowshoes. New banners were awarded in an interesting inter-dorm winter sports meet, and at the second showing of the year the Outing Club moving pictures drew a capacity crowd to Little Theatre. This year the All-College Skate was a masquerade affair, and, in spite of the intense cold, was well attended, producing many original costumes.

On the last day of the Carnival, Bates was the scene of the State Winter Sports Meet, which was held in the morning and early afternoon. Following this meet came the second of the open-house cabin parties held during the winter months at Thorncrag Cabin.

Climaxing Carnival Week, Marjorie Bennett, '34, was crowned Queen at the dance in the Alumni Gym. For the first time, the Carnival Hop was free for the Students, Faculty, and Alumni.

It has been felt that the enlarged program the Outing Club has given this year has reached practically everyone on campus, and each one has made a definite contribution for its success. In keeping to this, plans for the spring season call for hikes, mountain climbs, deep-sea fishing trips, canoe and fishing trips.

A new body of Directors and new members to the Junior Body have been selected, and under their leadership the club should fulfill its main purpose of being an organization which brings all the men and women of the college into an outdoor program of non-technical and non-specialized activity.

Benjamin F. White, 3rd

Dedication

IT SEEMS altogether fitting that the sports department of the 1934 "Mirror" should be dedicated to one who, during his four years at Bates, was an outstanding example of a Bates athlete. His skill in competition, his leadership ability, his clean, hard playing made him a man honored and respected by fellow players, by opponents and by spectators alike. Those who had the privilege of playing on the same teams with him realize more fully than we can express the courage and strength he inspired whenever the going was really tough. Though he has passed from us, we shall never forget the lessons of true sportsmanship he taught us. We therefore dedicate this section to the memory of a great athlete and gentleman —

The Varsity Club, one of the more active and powerful of the college clubs, is formed solely of men, who in intercollegiate competition, have been awarded varsity insignia. As in former years, its object is to interest and entertain high school and prep school men of the calibre and type desired by Bates. It has, during freshman week, done much to orient the freshmen and has endeavored to set the underclassmen on the right path both athletically and scholastically. It stands for the betterment of Bates athletics, emphasizing clean sportsmanship and the Bates athletic traditions. Prof. Brooks Quimby was made faculty adviser for the year 1933-34 and has lent faculty prestige to the organization. In addition to having these objects, the club has run its annual Varsity Club dance and its banquets after initiations. Composed of over fifty members, the club has taken a great part in college activities and has been a great help to both freshmen and underclassmen.

Playing a difficult schedule, the 1933 varsity football team won a single game, was tied twice and defeated three times. Inasmuch as two of its three defeats were given by major opponents, Harvard and Dartmouth, the season cannot be said to be unsuccessful. In a hard fought game, the University of Maine nosed out Bates 12-7, to win the Maine State Football title. Coaches Morey and Spinks put a hard hitting, well drilled team on the field, a team versed in the fundamentals and made up almost entirely of ambitious sophomores.

Throughout the State Series, all the games were close and hard fought with Bates starting slowly and gradually recovering from the physical strain of playing Harvard and Dartmouth on consecutive week-ends.

The picking of All-Maine teams may or may not be significant, but Bill Pricher '35, Bill Stone '35, Arthur Gilman '35, and Frank Soba '34, appeared on several All-Maine teams picked by the various Pine Tree papers. Coaches Morey and Spinks produced a fast stepping halfback in Pricher, a plunging back in Ted Wellman and an efficient blocking back in Dillon. In the line, Mendall, Toomey and McLeod were capable wingmen, Gilman and Stone above the average tackles, Soba and Biernacki, husky, efficient guards, and Lindholm was a consistent pivot man.

On the whole the team was cleverly trained, aggressive, powerful and smart, but the injury jinx and the difficult schedule was in a measure the reason for Bates' standing on the wrong side of the scoring ledger in three games.

BATES 19 ARNOLD COLLEGE 0

(September 30)

In the opening game of the 1933 season the Bates team defeated Arnold College of New Haven by three touchdowns. For a period, the teachers' college offered stubborn resistance to the Bates offense, but faded with the entrance of the Garnet regulars. In the second period, the Bates offense, centered around Moynihan and Pricher, clicked and from then on, Arnold proved to be no match for the Bobcat. The first Bates touchdown drive started on the Arnold 35-yard stripe. A pass to Clark, rangy sophomore end, a tackle dash by Moynihan, a 25-yard jaunt by Pricher, and Bates had made the first score of the season. The second surge came from midfield with Wellman, a sophomore tackle converted to a halfback, crashing through the weakened Arnold line for 12 yards. Purinton plunged through to the 17-yard line with Wellman, Purinton, and Moynihan carrying the ball over in four plays. Bates again scored late in the fourth period when Gilman, one of the most aggressive linemen of the day, blocked an Arnold kick on the 12-yard line. Purinton raced around left end to score the third touchdown of the game. Using simple plays and many substitutions, the team showed a fair offense that centered around Stone and Gilman in the line and Pricher, Moynihan, and Purinton in the backfield.

BATES 0 HARVARD 33

(October 7)

October 7 the Bobcat eleven met the Crimson in Cambridge and were the object of a high-powered aerial attack. Harvard, uneasy as to the reputed strength of the Bates line, and taking Bates as a real opponent and not a set-up, opened up in the first period with a mid-season offense. Harvard, unable to gain consistently through the rugged Bates line, tossed 10 passes, all of which were successful. The passing combination of Wells to Nazro and the fast-stepping backs, Locke and Lane, proved too much for the inexperienced Bates team. Late in the fourth period Bates threatened with a passing attack with Clark receiving, but the flurry died and the Bobcat went home with a 33 defeat given by a bigger, better team. The Bates line was impressive throughout the game and time after time stopped the highly touted Harvard backs for little gain. Stone, Gilman, Soba, and Lindholm accounted for the defense in the line and the absence of Moynihan, fullback injured in the Arnold game, was keenly felt.

CO-CAPTAIN WITH MOYNIHAN

BATES 0 DARTMOUTH 14

(October 14)

Although beaten by two touchdowns, a hard-hitting and rugged Bates team held Dartmouth outside its 20-yard marker for two periods and forced the Big Green to use its regulars throughout the game. The Bobcats were hurt by

the loss of Mendall, Moynihan, and Purinton, but put a vastly improved team on the field at Hanover over that of the week before. Bill Pricher, elusive halfback, turned in the longest run of the day when he twisted and cut through the Dartmouth team for a 45-yard jaunt on the third play of the game. A second Bates surge came in the fourth period when Gilman recovered a fumble on the Dartmouth 20-yard line, but Bates did not have quite the power to push it over and lost the ball on downs. Dartmouth's scores came in the second and fourth periods with Stangle and Powers tallying. McLeod and Toomey on the ends, Stone, Soba, and Lindholm in the line, Pricher and Paige in the backfield were outstanding in their ability to stop the heavy Dartmouth backs and in turn to offer more than ordinary offensive power themselves.

STATE SERIES

BATES 7 UNIVERSITY OF MAINE 12

(October 28)

Two powerful touchdown surges, one in the first period and one in the third period brought the first defeat to Bates in the Maine State League. The Bobcats came back in the second period to gain a one-point lead, but the Garnet seemed unable to stop the brilliant hard-running MacBride and the line-plunging Littlehale. Twice the Bobcat line rose up on the goal line to stop the Maine attack and momentarily showed the same defensive strength of the week before. The Bates score came in the first period when the Garnet took possession of the ball on Maine's 10-yard line. Paige flashed off 11 yards to be finally brought down by Favor. Pricher and Valicenti picked up a yard apiece and on the third play, Pricher fought his way through the right side of the line to score. From kick formation, Pricher again crashed the left side of the Maine line to cross the goal and score the point after the touchdown. It was a perfectly executed play and took Maine unawares. Maine came back to push over the winning score on a series of passes to MacBride and a lateral pass to Aldrich. The Bobcat forward wall, after a lethargic start came to life and offered plenty of opposition to Maine's attack, with Stone, Gilman, Biernacki, and Lindholm outstanding, and with Pricher, Wellman, and Moynihan carrying the ball for gains.

BATES 7 BOWDOIN 7

(November 4)

After a slow start in the first period, Bates out-rushed and out-fought a good Bowdoin team at Whittier Field, November 4. The Bates line rose up in the last three periods and outcharging a big Bowdoin line, paved the way to a tying score. For a period the white showed a tricky running attack, but quickly faded when Ted Wellman was injected into the game. Early in the contest, Bowdoin got into scoring position by means of a series of sweeping end runs by Hubbard and a 40-yard jaunt by Soule which brought them to the Bates six-yard line. Here Bates stiffened and held the hard plunging Baravelle for three downs, only to have him just plunge over for a touchdown on the last try. From this point on, the Bobcat team opened up with passes, spinners, and tackle thrusts to drive Bowdoin back to her goal line. Passes to Clark and Mendall brought Bates within scoring distance, and Wellman finally smashed the Bowdoin line for a touchdown. The last two periods found Bates out-rushing Bowdoin and continually threatening but never quite able to push the ball over. Wellman, a converted sophomore tackle, hit his stride and battered the big White line unmercifully. He was the hardest running back of the day and was continually good for a first down. Clark, Mendall, and Hill, Bates wing men, were under the passes of Valicenti and their play was a decided improvement. Stone, Soba, and Lindholm successfully stopped the Bowdoin offense and with Paige, blocked to such a degree that Bill Pricher was able to outrun the ends to travel for several long gains. Statistics show Bates registered 11 first downs to Bowdoin's seven and completed five out of nine passes for a total gain of 56 yards.

BATES 0 COLBY 0

(November 11)

After pushing the Colby Mule all over Seavern's Field for four periods and completely outplaying Colby, Bates was forced to close her 1933 season with a scoreless tie. Bates reached the peak of her offense in the Armistice Day game, not only running through Colby at will, but holding the Mule team outside their territory the entire game. The Garnet line simply could not be pierced, and Bates allowed Colby a gain of but 55 yards as compared with a 181 netted for the Moreymen. The game opened with Bates driving deep into Colby territory and showing a powerful offense. In the second period, a pass, Valicenti to Hill, gave the Bobcats a first down on the Colby 25-yard line. Bates, using the aerial route, reached the Colby seven-yard line, only to lose the ball finally on downs. Before the ball was lost Valicenti sneaked over for a touchdown, but it was ruled out on the penalty of a back in motion. Late in the third period, Bates again camped inside the Colby 10-yard line, but again Colby held the Garnet for downs and took the ball. The last period consisted of gain after gain for the Bobcat with the Mule stubborn when on the goal line. Wellman, Pricher, Paige, and Pignone accounted for most of the Bates yardage with Stone, Lindholm, Soba and the Bates ends, Hill and Mendall, powerful in the line. The defensive work of Steigle and Davidson, Colby linemen, and of Peabody and Alden in the backfield was the sum total of what Colby had to offer.

FRESHMAN FOOTBALL

The Freshman football team played a short schedule with mediocre success, but the showing of several men more than outweighs the results of the games played. The two McCluskeys, Markell, Marcus and Morin were the outstanding ball carriers. Sass and Dinsmore turned out to be capable ends while Haskell and Hamilton were powerful linemen. The frosh opened up their season by dropping a close game to the powerful Kents Hill team 13-0 in a hard fought game. Shortly afterwards Coach Spinks' proteges outscored a strong Maine Central Institute team to a 13-7 victory. Several men were unearthed who ought to be valuable material for Coach Morey's 1935 varsity eleven. The following men received their 1937 numerals:

Benjamin Carlin
Ronald Y. Davis
Wesley L. Dinsmore
William C. Dunlevy
Edward R. Gillis
William J. Hamilton
Robert F. Haskell

Twenty aspirants for the varsity cross country team answered the call for candidates last fall. Only two men of previous experience, Capt. Robert Butler and Sumner Raymond, were available to form the nucleus of a team which lacked any outstanding stars but which showed much ability and promise for the coming year.

Due to financial difficulties, only three intercollegiate meets were scheduled and, for the first time in several years, no team was sent to the New England college run which is held annually over the Boston Franklin Park course.

The Northeastern Meet

The season opened with Northeastern at Boston. The race ended in a defeat for Bates but the running of Bob Butler was outstanding. Simpson, the finest runner the Huskies have seen in years, broke the tape with Butler on his heels. Five Northeastern men then crossed the finish to hand the hosts a 19-41 win.

The State Meet

On October 28, a strong University of Maine harrier squad invaded Lewiston for the state title run and retained the crown which they had won the previous year. The two Black brothers and their company proved to be far too strong for the Bates team and only the fine running of Butler, who followed three Maine men, prevented the Stein Song school from winning by a perfect score. Wisehart and Saunders, of Maine, were fifth and sixth respectively, while Semetauskis, Drake and Hammond, in that order, and Winston at twelfth completed the scoring for Bates. The score, which was 17-40, was far different from last year when the Pale Blue captured the state diadem by a slim margin of three points.

The Springfield Meet

Bates closed its season on November 3 with an impressive 19-41 win over Springfield College. Only Miller, of the visitors, prevented Bates from winning by a perfect score. Capt. Butler was the first man to cross the finish line while Raymond and Drake tied for third. The running of these two men, who had been showing constant improvement throughout the season, was very impressive. Hammond and Malloy, who finished sixth and seventh respectively, completed the scoring for the Garnet.

Handicapped by Injuries

Lacking individual stars as in previous years, the team was also handicapped by sickness and by the fact that Barney Olds, who had formerly finished second to Jellison, did not return to school. Butler, who was the outstanding runner of the season, was continually handicapped by a torn ligament in his knee. Raymond was also bothered by an ankle injury incurred during his freshman year, while Semetauskis was out of the last race with a bad knee injury.

Prospects for Next Year

Three members of the squad, Butler, Raymond and Semetauskis, will be lost by graduation. Next year's squad will doubtless be a balanced team capable of holding its own with any small college hill and dale team. Drake, Hammond, Malloy, Stetson and Winston have all seen service this year and will serve as a fine nucleus for next fall's edition. Paul Tubbs, a former freshman star who was out last fall with sickness will doubtless be one of next year's leaders while Hiram Stevens and Robert Rowe, two very likely looking members of this year's freshman outfit, should develop into consistent point winners.

Captain Robert Butler, Sumner Raymond, Carl Drake and Manager Nathan Milbury were awarded their varsity letters while at a meeting of the lettermen, Carl Drake, '35, of Dover-Foxcroft, was elected captain for the coming season.

Freshmen 28	Farmington High School 27
Freshmen 28	Mechanic Falls High School 27

Coach Ray Thompson's freshman cross country team ran four races over the Pole Hill course, won one and were defeated three times by close scores. Stevens, former Bridgton Academy harrier, Danielson of M. C. I. and Rowe were the outstanding freshman hill and dalers. Farmington nosed the Frosh out by one point although Stevens and Danielson came in first and second respectively. Lisbon took the short end of a 20-40 defeat, while Wilton Academy beat the freshmen 21-34. The race with the powerful Mechanic Falls team resulted in a 27-28 defeat for the Frosh harriers. Throughout the season, Rowe, Stevens and Danielson were consistent in their running and were generally among the leaders. Those receiving their 1937 numerals were:

Enjoying a season of mediocre success, Coach McCluskey's varsity sextet played through a schedule of eight games, winning one, tying one and losing six. The team, defending their State's championship of the year preceding, was nosed out by Colby and Bowdoin. However, all the games were close and hard fought and the championship was not decided until the last game was over. The Garnet sextet scored a total of 21 goals, only to have 36 goals scored against them. Toomey, a left wing, and Secor, a center, were the high scorers for the Bobcats and were the outstanding men of the team. Heldman, in the goal and captain-elect, was without doubt the outstanding goalie in the State. In the mythical All-Maine team, Secor was chosen center while Heldman was first choice as goal tender. On the All-Boston Arena team, Secor, Toomey and Rugg were given honorable mention. With the return of five of the team and the use of three promising freshmen, the prospects for the coming year seem brighter and another state championship possible.

BATES 1 ST. DOMS 3

In a practice game, the Frenchmen of the A. S. D. beat a crippled Bates College hockey team 3 to 1 at the Bartlett Street Arena. Due to the absence of some of his regulars Coach McCluskey was forced to use a starting line-up of Loomer, Stetson, and Furbush at the forward line with Rugg and Soba at defense and Heldman in the goal. For two periods the Bates team held off the fast skating St. Doms team only to have them take the lead in the third period and finally win. It was a typical pre-season game with Bates playing a fine defensive game, but also showing the effects of lack of practice and missing Secor and Toomey, the mainstays of the Bates offense.

BATES 2 COLBY 6

At the St. Doms Arena the hockey team officially opened the State hockey league January 9 by losing a hard fought game to Colby. Played on soft ice, the two periods the Garnet team beat off the fast-skating Colby combination of Ross and Rancourt, only to have the score mount up in the third period and to have Colby coast home on a decided win. The Bobcat offensive thrusts, centered around Toomey and Secor, continually threatened the Colby goal, but could not seem to click in a consistent manner. Ross and Rancourt with the assistance of Paganucci scored a pair of goals each while Rugg and Loomer accounted for the sole Bates tallies. Heldman, Secor, and Soba played a fine brand of hockey throughout the game and offered a great opposition to the clever Colby forward line.

BATES 1 BOWDOIN 1

Smarting under the previous defeat given by Colby, a scrappy and aggressive Bates sextet out-played and out-fought an experienced Bowdoin team for three periods, January 13 only to have the game go into an overtime which neither team could seem to break. The Polarmts went into an early lead when Secor scored on Toomey's pass. Holding onto this slight margin, the Bates team withstood all of the Bowdoin attacks until the last of the third period when Mills, Bowdoin center, converted a pass from Billings to score the tying goal. During the overtime period both teams failed to break the tie and the teams ended in a one to one deadlock. Throughout the game Heldman made 27 stops while Hayden was credited with 26 saves.

BATES 5 BOWDOIN 4

In one of the fastest and most surprising games of the season on January 15 the Bates hockey team nosed out Bowdoin 5 to 4. Trailing behind by four goals at the end of the first period, the Garnet sextet found itself and in short order the Bowdoin lead had dwindled to one goal. Secor tied the count in the third period and a few minutes later Toomey took a pass from Secor to score the winning goal. Throughout the game the play was fast and both teams showed a fine brand of hockey. After a rather lethargic first period, the Bates team came to life and worked as a unit. Dakin, unassisted, sank three of the Bowdoin goals with Billings getting the other. Three of Bates goals were made by Secor while Simpson and Toomey got one apiece.

FRESHMAN HOCKEY

Under Coach McCluskey, the Garnet yearlings had a fair season in hockey after all things are taken into consideration. Although the team lost two of its three games, individual men stood out and after mid-years went up with the varsity. In their opening game Bridgton Academy proved too strong for the freshmen and defeated them 8-3 in a hard and fast game. Loomis, Haskell and Chesley were the freshmen who showed promise in the games to come. Against the powerful Hebron Academy team, again the freshmen were defeated 7-2, but only after a fine exhibition of hockey. Haskell, a defense man, scored twice. Dinsmore on right wing and Gordon in the goal were the freshmen who showed a marked improvement in their play. The last game of the season resulted in a 3-1 victory for the first year men over the Junior Varsity. Because of their fine work on the Freshman team, Dinsmore, a right wing, Haskell, a defense man, and Gordon, a goalie, were advanced to the varsity squad after mid-years and proved valuable replacements in the last few State Series games. The following men received 1937 numerals:

Alfred W. Chesley
Harold A. Christensen

For the first time in several years Coach Winslow Durgin's winter sports team had sufficient snow for their activities. Bert Dunfield and Russ Hager, veterans from last year's team, received leg injuries which prevented them from taking part in any of the meets. Charles Paige and Carl Drake went to the Dartmouth winter carnival to compete in the slalom and two-mile snowshoe run.

The sole meet of the year was with the well-balanced University of Maine winter sports team. The final score was 42-24 in favor of the Pale Blue. Charles Paige '35, was high scorer for the day with 15 points to his credit, taking first place in the ski-slalom, the ski-jump, and the down-hill race. Other point winners for the Bates team were Oliver and Morin '37 in the ski-jump, Turner in the slalom and Carl Drake in the cross country. Charles Paige '35, and Albert Oliver '34, were the sole members of the team to be awarded varsity winter sports insignia.

CLASS BASKETBALL

The 1934 Interclass Basketball Tournament resulted in a tie between the Sophomores and the Juniors. In the extra game to play off the tie, the class of '36 emerged victorious with a 25-23 win. All four teams were evenly matched and the closely contested game resulted in clever floor play and fast basketball. The winners used a team consisting of Conrad, Curtin, Clark, Pignone, Enagonio and Wellman and were a polished outfit. The Juniors, the runners up, had a fast combination in Lenzi, Valicenti, Hill, Lindholm and Coleman. Although the Freshmen did not win a game, they had the best passing attack of the four teams centered around Pellicane and Armstrong who were high scorers for the league. The Seniors, finishing third in the league, had a strong team, but lacked replacements. The team was built mainly around Lelyveld, Sinclair, Nyquist, Millett, Dillon and Amrein. To Coaches McCluskey and Spinks goes credit for both running the league in a fine manner and for refereeing efficiently. The final standing of the Interclass Basketball League was:

	Won	Lost	Percent.
Sophomores	6	1	.854
Juniors	5	2	.714
Seniors	2	4	.333
Freshmen	0	7	.000

With a nucleus of but two returning veteran lettermen, Coach Lewis, who has taken over the coaching position this season, has the difficult task of molding a team around these two veterans and around several promising candidates from last year's squad. The loss of Franklyn Simpson at mid-years has considerably weakened the team, but the eligibility of Volney Bragg, '35, this year's ranking player, makes up for the loss of Simpson. Captain Turner and Charles Paige '35, are the sole returning lettermen, but H. Buzzell '36, Stevens '34, and B. D. Hill '35, of last year's squad give balance and power to the team. The use of Gauthier '35, Secor '34, and Nyquist '34, all unseasoned, but players of promising ability, give further hope of a powerful team. The season's schedule is:

April 28	Longwood Tennis Club
May 1	University of Maine

May 10	University of Maine
May 14	Bowdoin College

The indoor track season this past winter has been more than gratifying to Coach Thompson and Captain Kramer. Two indoor meets were participated in, both of which found the trackmen performing well and scoring points in all events. The use of Anton Kishon, one of the outstanding weightmen in college, and the running of Gore, another freshman, gave balance and power to the team that was noticed from the start. Larry Johnson, another weightman of nationally known ability, who next year will be eligible, will further bolster the Garnet team. Through the transfer rule Johnson was not eligible to compete this last year, but in his daily workouts he showed that he had lost none of his Olympic ability. The team was built around certain veterans of last season and a few outstanding freshmen. Kramer and Kishon in the weights, Meagher in the pole vault, Kramer and Case in the high jump, and Keller in the long jump, gave Bates a powerful group in the field events. In the running events were Pendleton and Purinton in the hurdles, Keller, a sprinter, Gore and Saunders middle-distance men and Raymond and Semetauskis in the longer distances. These men were all instrumental in Bates' win over Maine and her excellent showing in the University Club Meet in Boston.

As we go to press, the so-styled M.I.T.F.A. Meet, the State Meet, hangs fire. Colby College has withdrawn from it and Bates, over an unjust ruling of Meagher and Hall, has also withdrawn. The University of Maine, shortly after Bates' withdrawal, likewise voted to send no competitors to the meet. What arrangements have been made for the patching up of the disrupted schedule are not known at this time, but a meet with the University of Maine and the entrance of Bates in the Eastern Intercollegiate Meet is in the offing.

BATES 63 UNIVERSITY OF MAINE 53

For the first time in six years the Garnet track team defeated the University of Maine in an indoor meet at Lewiston. Also this was the first time the Maine team had been defeated in an indoor meet in six years. Anton Kishon, the outstanding track and field man in the state at the present time, collected firsts in the discus and the shot, won a second in the 35 pound weight and picked up a third in the hurdles. Gore, another freshman, beat a fast field in the 1000 to win in near record time. Harry Keller repeated Kishon's double win to take firsts in the sprints and the broad jump. Black of Maine nosed out Saunders in the mile run, but the latter turned in the good time of 4.29 minutes. Eight of the nine and a half points in the high jump went to Bates, Kramer, Case and Cooper collecting the points. To top off these fine performances, Pendleton won in the 300 while Meagher got a tie for first in the pole vault.

UNIVERSITY CLUB MEET AT BOSTON

On February 21st, Coach Thompson took a picked few to Boston to compete in the Class B division of the University Club Meet at the Garden. In the mile relay race, a team composed of Pendleton, Hall, Hutchinson, and Crockett placed third in a field composed of ten smaller colleges. Louis Meagher, with but a week's practice won the pole vault at the height of twelve feet. In a fast field of milers, Saunders placed a good third while in the high jump, Kramer won a third place. In the half-mile, Don Smith came from behind to eke out a fourth place. In the final scoring, the Bates team won fourth place in the Class B division. The scores of the dual meet with Maine and the Club meet give a fair idea of the strength of the team in both track and field events, a strength that will be increased next year by the eligibility of Johnson and by the use of these promising freshmen.

BATES 63 NORTHEASTERN U. 72

Bates, handicapped by the unexpected ineligibility of Gore, the best of the Garnet middle-distance men, lost a close meet to the strong Northeastern team, May 5th at Lewiston. Anton Kishon was high scorer for Bates with eighteen points to his credit and first places in the hammer throw, discus and the javelin. He also took a second in the shot put. In the hammer, Kishon made a new Bates and field record with a heave of 152.5 feet and in the discus he also made a new Bates field and meet record with a throw of 141.8 feet. Milbrandt, of Northeastern, tossed the shot 45 feet, 7 inches to better the existing meet record. Harry Keller was another double point winner with a first in the hundred and a first in the broad jump. In the high jump, Sandler, of Northeastern, jumped six feet, two inches to set a new record for the dual meet. Seconds were won by Anicetti in the hammer throw, Danielson in the 880, and by Drake in the two-mile run. Bates had a clean sweep in the mile run with Saunders, Malloy and Semetauskis taking all places and Northeastern made a clean sweep in the 220. Tubbs ran a fine race to win the two-mile and Purinton beat a good field in the 120 high hurdles.

ADAMS CONTINUES TO WIN

A record of the races that Arnold Adams '33 has run since his graduation would seem quite appropriate in the sport pages of this year's "Mirror". In five major meets this last winter, in the fastest competition in the country, the ex-Bates runner has won two, picked up two seconds and placed fourth twice. In the Metropolitan Championships at New York, he was nosed out by Hoffman of N. Y. U. in the 500. At the B. A. A.'s at Boston, Adams won the 600 over a fast field. He was also awarded the Hallahan Trophy for the best performance of the evening. Some of the other men considered for this award were Bonthron of Princeton, Graber of California, Cunningham of Kansas and Brown, the pole vaulter from Yale. In the New York Athletic Club Meet in N. Y. he won the Buermyer 500 meters in 58.8 seconds, just .8 of a second for the world's record for this distance. In both the Millrose games and the K. of C. Meet at Boston, Adams won fourths in the respective 600's.

BATES 10 BOWDOIN 7

Coach Carrigan's 1934 Bates baseball team got off on the right foot by defeating Bowdoin 10-7 in the opening game of the season, Patriots' Day, at Brunswick. The Bates team collected eleven hits from two Bowdoin pitchers, while Darling and Atherton pitched fine ball for nine innings. In the infield were Toomey, Aldrich, Sherman and Callahan, while Dunlevy, Marcus and Gallagher played the outfield. Coach Carrigan used Darling to start the game and held Atherton in reserve. The Bates team showed nearly mid-season form, making no errors and playing air-tight ball from the start. Callahan and Gallagher were the heavy hitters of the day with four and two hits to their credit. So far Bates seems to be represented by a clever, well-balanced team and is coached by a man of more than average ability. There is a wealth of material and the pitching staff is of average quality. This game at Brunswick was merely an exhibition game and is not reckoned in the State Series standing.

Bad weather made it impossible for the Bates team to play their scheduled game with Boston College at Boston and the condition of the new Bates Diamond at Lewiston also caused the game with Colby, scheduled for the 5th of May, to be postponed to a later date.

BATES 1 BOWDOIN 4

At Lewiston, May 8th, Bowdoin christened the new Bates baseball diamond by pinning a 4-1 defeat on the Bates nine. The new field was somewhat slow in the outfield, but in a short time will be one of the best in the state. Walker, veteran Bowdoin pitcher, held the Bates team to three hits and fanned eight men. Bates seemed unable to hit Walker consistently and the usual jinx of a first game on a new field held true. Aldrich, Millett and Gallagher were the sole Bates men to hit Walker, getting a single, each time. Millett started in the box for Bates and went well until the sixth inning when the Bowdoin team hit him. Bowdoin collected a total of nine hits from Millett, Darling, Atherton and Gordon, several for extra bases. Bates started a batting rally in the sixth inning when Aldrich singled, went to second on Toomey's out and scored on a passed ball. Again in the eighth inning, Millett singled to start a rally, but the men following failed to reach first and ended the rally.

BATES 5 UNIVERSITY OF MAINE 14

The Pale Blue boys from Orono ran roughshod over the Garnet, May 11, to the tune of 14-5. Bates started out behind Dwight Gordon as if to win, taking advantage of sloppy Maine fielding to score on Chick Toomey's hit and two errors by Marshall, subbing for the injured Milt McBride. Ed Gillis opened the second with a hit, then came Marshall's third boot, a pass to Toomey to fill the sacks, and then Millett's long fly to left that enabled Gillis to scamper over with a 2-0 lead for the locals.

But with the fourth inning began a series of disastrous errors for Bates. Maine scored five runs in this frame. Atherton replaced Gordon, but was succeeded by Bob Darling after the score stood 14-2. Ed Lelyveld, who took Callahan's place, tripled to score on an outfield fly in the sixth.

Woodbury's infield hit to third coupled with more Bates errors gave Maine two more unearned runs in the seventh, while a pass, error, fielders' choice and Marcus' double scored the final pair in the seventh.

Fielding gems were provided by Anderson and Toomey, while Hoyt's pitching and the hitting of Aldrich, Anderson, Woodbury, and Red Osgood featured. No Bates man could get more than a single blow apiece.

BATES 3 COLBY 7

Monday, May 14, Colby kept her slate clean by beating Bates in a fine ball game, marked by good pitching, fine fielding, and few errors. Peabody, Colby pitcher, held the Bobcats to five hits, four of which were in the last three innings.

In the first three innings, Colby gained three unearned runs, due to misplays on Bates' part. Peabody and Darling went the whole nine innings, getting nine and six strike-outs respectively. Marcus, Toomey, Dunlevy, and Darling got the Bates base hits, while Geer, A. Peabody, Sawyer, and Brown accounted for most of Colby's 12 base hits. Marcus got the longest hit of the day for three bases, and Toomey and Dunlevy hit two baggers.

The game was well played and at this time Colby is leading the league with five wins.

The Schedule for the rest of the season:

May 19 Maine at Orono.
May 21 Bowdoin at Brunswick.
May 22 Maine at Lewiston.
May 26 Colby at Waterville.
May 30 Bowdoin at Lewiston.

W. A. A.

Beginning with a houseparty at Camp Cochnewagan, the W. A. A. board has carried through its plans for an unusually busy year.

The usual projects were carried out with greater success than ever before. By the first event of the fall program, the Sportland Tour, the Freshmen were introduced to the activities of the W. A. A. Two weeks later was the Hare and Hound Chase, when supper was served on Mt. David after the "bunny hunt".

High School Play Day was this year an opportunity for smaller schools that have no physical education departments. A part of Back to Bates week-end was the W. A. A. tea. Other activities were the banquet, Health Week, and at the end of the year, Play Day.

Two new events marked banner days on W. A. A.'s calendar. In October was the State Teachers' Convention, when W. A. A. shared in the entertainment of teachers from all over the state, and in February Intercollegiate Play Day was held at Bates.

Stimulation of even greater interest in the Garnet and Black, friendly competition for points instead of bitter rivalry between classes, an opportunity for every girl, and an effort to interest every girl in some activity that will be of value even after college play days are over—in these ways W. A. A. feels that it has done a great deal towards its goal of "a sport for every girl" and "play for play's sake".

Tennis, hiking, hockey, riding and archery, organized jointly by the Department of Physical Education and by the Women's Athletic Association, are the fall sports for Bates women. Each season brings a new choice of activities. The aim at Bates is—"A sport for every girl and every girl in a sport."

FACULTY COACHES

PROFESSOR WALMSLEY

"Professor Walmsley meets our ideal as one who
is ever
Ready to lend a hand,
Obliging at all times,
Fun-loving, and
Enthusiastic, a fine
Sportswoman, a
Sympathetic adviser, an
Outstanding director, and a
Real friend!"

Miss Fisher is that gay little person with the oh-so-charming smile, who is ever striving to make our athletic activities more enjoyable by providing new ideas and helpful suggestions. Have you ever seen anyone more delightfully eager to join in the fun of the occasion?

She is deeply interested in her work, and endeavoring always to improve the game and to heighten the interest—a good sport, a cheery assistant, and the sort of individual who makes you want to win.

The W. A. A. sponsors a Student Coaching Project each year as an aid to the Physical Education Department. Certain students are selected to coach the different activities during A. A. periods, giving practical experience to those who are planning to teach athletics after graduation.

This project has proved most successful, both for the students themselves and for the Athletic Association. It is hoped that this plan may continue and become larger to be of a benefit to more girls who are interested.

One of the highest honors which W. A. A. confers is the presentation of the white sweater with the Garnet "B". Whenever we see a girl wearing a white sweater we know that she has shown athletic ability which is higher than average. But this is not the only qualification considered, for requirements also include sportsmanship, interest, scholarship average of at least 75, and a posture of B grade. The white sweater stands for definite achievement, and it is the ambition of every Bates girl to get one.

The hockey field, used also for soccer and archery adjoins the five tennis courts reserved for women and their guests. The gymnasium for basketball, dancing, stunts and games is close by.

A shrill whistle blows, sticks clash, and twenty-two girls swing into action. The hockey season is on! This sport is one of the most popular of all the activities offered during the fall season. With the prospect of games in the brisk autumn air, and a challenge of one's skill and cooperation, it is to this sport that many girls are attracted. This year the Sophomores and Freshmen united, and the Seniors and Juniors to make up the teams. The Blacks won the big Garnet and Black game.

ARCHERY

In the Spring and in the Fall one may see many would-be "Dianas" on Rand Field. The growing popularity of the sport and the increasing skill of the players is evidenced by the fact that last Spring Bates entered a full team in the National Inter-collegiate Archery Contest, which is called the Telegraphic Tournament and placed 31st, instead of 61st, as in the previous year. Fall competition is based on the Garnet and Black system, and is a preparation for the Spring season. It also acquaints the incoming class with the sport.

The Garnets scored the point in archery this Fall.

The participants were:

Doris Maxim
Isaphene Dolloff
Ruth Jellison
Ruth Merrill
Marjorie Bennett
Evelyn Anthol

Manager, HELEN DEAN

Archery is attractive to college freshmen.

HIKING

"Put on your ski-suit, your mittens. Put this knapsack over your shoulders. Careful. It's got our dinner in it. Have you the camera? Oh, there's the trolley coming! How many do we make in all? 1, 2, 3, 4, 5, - - - -."

This is the climax to a season of hiking—this year an all-day trip to Sabattus Cabin. Besides the long A. A. hike in November, come the regular hikes twice a week during the fall. For the person who especially appreciates Maine in the fall, for the person who likes to hike, for the person who wants to make friends—you can do this so easily when you take an hour off with a small group—, for the person who is physically unfit to take the more tedious sports, there is not a better choice to be made.

"Over! Put it over!" Loud, excited cries issue forth from the Women's Locker Building. A Garnet and Black Volley game is in progress. Cries of "Serve it over" are followed by shrieks of joy as the ball goes over and a point is scored.

Excitement runs high at the Garnet and Black games. Volley ball is a very popular sport during the indoor season. Seventy-three girls came out for the A. A. teams.

The Freshman Blacks were victorious in two of the three games, gaining a point for the Blacks. In the Sophomore class the Garnets scored the point. The Junior Blacks were victorious in all three of their games.

In the Varsity Garnet and Black game the Blacks won. Hence the Blacks contributed 3 points to their score, the Garnets one, in Volley Ball.

All set for the Garnet and Black Soccer game. The whistle has blown! The game is on! The center kicks the ball to her inner, then the wing controls it, dribbling it up the field. It is a beautiful spectacle, the whole forward line advancing in line with the ball, and the back line just behind, ready to close in at the goal. Now, hard kicking around the goal, the ball is stopped by the goalie,—more kicking, and a score!

Doesn't it sound interesting? W. A. A. offers it as a major sport for the spring. In 1933 under the competent supervision of Professor Walmsley, the season came to a close with the varsity game ending in a 1-1 tie. In spite of the fact that both teams have lost several veteran players the 1934 season has proved equally as successful so far, because of the fine contributions of the lower classes.

The big Garnet and Black game, with a Garnet victory of 30 to 24, was one of the fastest and most exciting games of basketball played in Rand Gym for several years. This game brought to a close a very successful season in this sport. Although fewer girls elected basketball this year than usual, due to the perfect weather for winter sports, there was no decrease in the interest shown nor in the fun enjoyed.

The superiority of the Garnets was evident in every game except the sophomore class game in which the Blacks won by a score of 41 to 20. The results of the other class games were: Freshmen, Garnets 33—Blacks 12; Juniors, Garnets 23—Blacks 6.

TENNIS

In the spring term of 1933, Garnet and Black competition in tennis was in the form of an elimination tournament. Much enthusiasm and skill was displayed throughout the season. The final game played previous to Play-Day contributed points to the Black side.

In the fall term of 1933 tennis was again conducted in accordance with the rules of the Garnet and Black system. Due to the unfavorable condition of the courts the attempt to hold the customary fall tournament was abandoned. Skill tests were arranged and given to contestants for which tests W. A. A. credits were awarded.

TRACK

Contrary to the custom, the fall season of indoor sports for women was changed from Baseball to Track. The girls proved to be very enthusiastic, and sixty-three responded to the call. At the end of the season, we held a Garnet and Black Track Meet with the competitors selected from all the four classes. Each girl, who had taken an extra W. A. A. period, completed her training schedule, and obtained one of the highest scores from her class record, was allowed to compete in two events only. The Blacks, who took first place in the Discus, Javelin, Hurl Ball, Hop, Skip, Jump, Dash, and Relay, won by a big margin, leaving the Garnets an honor in the High Jump.

Women's Physical Education Demonstration

On the evening of Thursday, March 15, Rand gymnasium was once again the scene of the annual physical education demonstration. All available space was occupied by an enthusiastic gathering of parents and friends of the participants, as well as interested faculty members.

A fine program, parts of which were in the form of Garnet and Black competition, was received with much applause. This year the Garnets carried off honors, defeating the Blacks by a score of 10-5.

The demonstration was also given on the afternoon of the preceding day for the girls of the Lewiston and Auburn high schools and grammar schools and was greatly enjoyed.

A FAIRY TAIL

Three ministers, POPE, BISHOP, and PRIEST left Lewisland for the Holy land. It was in the month of MAY and one fine morning they went down the HILL to the bank and DREW out what few BUCKs they had saved from the SHOEMAKER trade. The FITTER-MAN of the trio had a DILL-ON the string but she was YOUNG and MOODY and thin as a REID. So when he made the farewell ROUNDS he simply told her that he was very SHOREY not to be able to take her. It WADE heavy on his mind but a hearty to hearty talk with the PROCTOR at RAND had convinced him of the futility of trying to take her on the journey. However he promised to stay SOBA and to send her a RUGG from the holy land if he could SPEAR one.

Then POPE went to the home of his aged Scotch mother. "O'NEILL down, my poor, foolish boy. NEIL,-SON, at my side and ask the LORD to direct you." The LONGFELLOW knelt at his mother's side and then rose and looking his mother square in the eye said, "Ma, I'd like to have a good BEAN SOPER before I go." The dear old lady almost wept and told him that his brother BENNETT the last bean in the hut. By GEORGE, said the POPE, I'll never forgive him for that. He could have ate an OLIV-ER something else, but no, nothing for him but a bean. So the minister left the room, went out into the HALL, took his nut-cover from the BRACKETT on the wall and went out into the alley.

He went back to the city and joined his cronies in a vase of Hague and HAGER. After a few hours when they were FULLER spirit the thot of the holy land returned, they called over DECATUR, paid the bill and left.

As they stood on the Portland road waiting for a ride, POPE could be heard mumbling. "My brother Ben, the dirty BUKER, he ate the lassht bean. He'sh my EMERY for life."

Salutations to the championship Rossina poker team. The neighboring college Bates, gladly (?) lent (?) their jersies for the picture. The boys were victorious in all their matches and won the championship game from Bowdoin, eleven bucks to three.

The boys introduced gloves in order that they could better shield their cards, and the bats were always on hand in case of fistic outbreaks. Capt. Lacmode & Vice Capt. Nedmall were the outstanding men of the year. In a game with Rothstein's Ruffians our Capt. introduced the five ace play, & for this bit of brilliancy was named "THE ORIGINAL".

Note;: Coach White Horn was unable to be present for the picture since he was working on a new color scheme for hearts & clubs which would tend to bewilder opposing teams.

CHAPEL HIGHLIGHTS OF THE YEAR

I

Bates men and women were keenly interested to hear what stand the College would take on the new liquor problem made prominent by the repeal of the Eighteenth Amendment. Morning after morning we took our seats in chapel waiting for some enlightenment on the subject. No one knew whether it was scholastically ethical or legal for a Bates man to sip a little 3.2 with his daily lunch. Scandalous reports were circulated around the campus branding this man and that man as sud-sippers. Some even boasted openly that they had gone in broad daylight to various speaks and had imbibed.

Suddenly one morning we took our seats in chapel. The air was charged. A high official of the institution was on the rostrum. A deep breath and he started in. "Boys and girls of Bates College: It is my pleasure to announce to you that the attitude of the institution towards drinking will be the same now as it has always been regardless of the nation." Needless to say a tremendous roar went out from those who believed that after all a college is a place for digesting brain-food, not malt-food. The other 670 said nothing.

II

The white ribbon goes to another still higher official in our institution. He is as welcome in our midst as the "gray cliff" which first greets the land-lost sailor. To us, he is just Clif Gray, a hail good fellow, well met. Well this department happened to be awake on several mornings when the orator was orating. One morning we were treated to a belligerent, militaristic, warrior-like account of two army officers, a French Major and a German Major, who were touring through South America. The tale was thoroughly thrilling and we lived through several very embarrassing situations with our army heroes, in which we saw how the lack of proper training militated against the German Major and also how the French Major suffered from too specialized a training. The climax had been reached and students were removing their gloves in order to show their appreciation of such a well prepared speech when our chapel speaker made a Napoleonic Blunder and announced that all the time he had been talking about two students, one who majored in French and the other who majored in German. Well, I suppose there must be a moral to be gleaned from such an experience.

III

The box in which the white ribbon came also goes to the "still-higher-official." This time a simple revision of an ancient fish story did the trick. Many of us like to fish, we like to eat fish, we like to keep them as pets, but to our President goes the credit for putting us in a new relation with our friend, the fish. Said he, in his most dignified manner, "How would you like to be a fish, just a plain, COLD fish?" Well I made it my business to interview several hundred of those who heard the speech and not one of them would even think of being a COLD fish. Some of those who came from the North of Maine where fishing is the only sport for about seven months of the year, except for a little ice fishing when it gets too hot in-doors, were prolific in their objections to the question and felt that it was an attempt on the part of the administration to stop fishing in Maine. Well, be that as it may, to our President our hats go off for the best fish story of the year.

Editor's note: In a desire to make this book a complete record of the events of the year, an arrangement has been made with the printers by which any speeches, worthy of comment, made between the time when this annual goes to press and the end of school, will be sent to you during the summer for a small charge which will be put on your son's term bill later.

AN ADVANCE EXAMINATION

1) Distinguish and explain:

Subsurface water
Water on the knee
Water on the brain
Water front
Watering stock
Water-glass
What-er guy

2) a. List at least 15 possible answers which you might make to a friend who, approaching you and finding you to be nervous, fretful, excited and irritable, says: "BE NONCHALANT have a chaw."

b. Is there libel in this statement?

3) Suppose you were in a row boat on Lake Andrews, one mile from shore, and were suddenly overturned. Not being able to swim, which of the following things would you do?

a) try to swim, or
b) roll over on your back and cry for help, or
c) sink to the bottom and crawl to the shore on your hands and knees.

4) Show the value of a common dog in the following instances:

a) As the third member of the modern family.
b) As a city's most valuable protection against sheep-stealing.
c) As an aid to the teaching of Philosophy.

5) Explain fully the socializing effect of dunking doughnuts.

6) A saw a horse-fly and immediately went to X Street where he saw an ermine horse blanket. He stole this. B, an officer, arrested A while watching a board walk. Justify the arrest and establish the chain of causation between all acts of A.

Why did you go to College? (at least 15,000 words and use your own paper.)

What would happen if:

Raymond were unprepared?
Seamon didn't volunteer?
David were not chivalrous?
Frank O'Neill became garrulous?
Miss Skillins became ruffled?
I. Eric ceased to talk about girls?

Editor's note: O'Neill, I spell my name A-R-I-K.

Jim Balano had not returned from Russia?
Prescott's clock had not been stolen?
Prof. Hovey lost a certain letter from a certain business man?
Pres. Gray failed to interpret the emotional content of speeches by socialists and communists?

7) The arithmetic Merry-Go-Round.

Do it in your head or use pencil.

1 Think of your own age.
2 Divide your age by two.
3 To your answer now add 10,000.
4 From this new figure subtract ½ your age and then divide by five.
5 Subtract from the answer so far derived, 66.
6 Your answer is now the year in which you are going to graduate. Any Juniors who are reading the book and want to get on the merry-go-round should add one to their answer. Sophs add 2 and life is so uncertain that the editor felt it was not advisable to have the Frosh fool around with such high calculas.

NEW DEAL

(with apologies to Lawrence and Tennyson)

I

Half a page, half a page,
Half a page onward,
All in one great room
Wrote the three hundred.
"Forward, the Pen Brigade
Write down the dope" he said;
Into the valley of Doubt
Wrote the three hundred.

II

"Forward, Dismayed Brigade"
Each one in silence prayed.
For Truly they knew it well
Some one would blunder:
Theirs now to make reply
Theirs not to wonder why
Into Bewilderment
Wrote the three hundred.

III

Blue books to left of them
Exam books to right of them
Proctor in front of them
Rallied and Blundered;
Stormed at with questionnaire,
Boldly they wrote and well,
Stories only Profs do tell
Into the jaws of "F's,"
Into the mouth of Flunk,
Staggered the three hundred.

IV

Flashed all their pen points bare
For the brain must to answer dare
Assaulting the questionnaire
Blessing the good "prof" there,
The thinking herd wondered.
Plunged in the mental smoke,
Right through the fog they broke:
U. Doubta and I. Wonda Blunda
Reeled from the strain and stroke,
Many a dull brain awoke
Then they checked back, but not,
Not the three hundred.

V

Nets to right of them
Nets to left of them,
Exam room behind them.
Rattled from mental strain,
Stormed at with ache and pain,
While heart and hero fell,
They that had "plugged" so WELL,
Crawled to the coat room,
The battle was over soon
All that was left of them
Left of three hundred.

VI

What made their memory fade?
O, the wild guess they made.
How the good "prof" wondered.
Of those that for mercy prayed,
How many will make the grade?
"Half shot" three hundred!
